

MWS

MODERN WARRIOR SOLUTIONS

CAPABILITY STATEMENT

CORPORATE OVERVIEW

Modern Warrior Solutions LLC (MWS) is a certified 8(a), Economically Disadvantaged Woman-Owned Small Business (EDWOSB) & Woman-Owned Small Business (WOSB), participating in the SBA Mentor-Protégé Program (MPP) as a Joint Venture (JV) between EWA Warrior Services and Modern Government Solutions LLC. (MGS). This collaboration seamlessly merges the technical, managerial, and Government Contracting expertise of both entities and their principal staff, all while maintaining the status of a small business per SBA industry size standards. MWS is based in Herndon, Virginia, with a secondary location in Huntsville, Alabama.

OUR ADVANTAGE

Our venture is led by individuals with long and successful track records in both the federal and commercial markets. MWS offers a distinctive synergy of companies and seasoned professionals, affording us the capabilities of a larger corporation while retaining the agility and competitiveness intrinsic to a small business. This strategic balance empowers our teaming partners and customer agencies to leverage the benefits of the SBA's small business programs, such as 8(a), EDWOSB, WOSB, and SDB certifications, streamlining and expediting the government acquisition process.

OUR MISSION

Providing cost-effective, superior contractor support to our customers and advanced technology to the Warfighter supporting Test, Training, and Operations.

MISSION AREAS
